

Inspections Have Begun

The Okanogan County Noxious Weed Control Board has begun inspections of properties for control of noxious weed species designated by the board as enforcement species. Landowners with any of these species present on their property shall be required to control the noxious weeds according to provisions outlined in Chapter 17.10 RCW.

INSPECTIONS SHALL TAKE PLACE FOR THE SPECIES DESIGNATED FOR CONTROL BY THE WASHINGTON STATE NOXIOUS WEED CONTROL BOARD and THE OKANOGAN COUNTY NOXIOUS WEED CONTROL BOARD; a list is available in our office. All State, Federal and private landowners will be notified of noxious weeds present and classified as enforceable and control will be required.

This notice is published according to Board policy to notify landowners in our County that OCNWCB may enter their property according to the provisions outlined in 17.10.160 RCW, and that this notice shall serve as "Reasonable Attempt" as defined according to the aforementioned RCW.

If you have any questions regarding the enforcement inspection process, please contact the Noxious Weed Control Office at 509-422-7165 or write PO Box 791, Okanogan, WA 98840.
