Subject: Okanogan County Comprehensive Plan

Ms Rocky Robbins and Mr Perry Huston:

I am writing as a resident of the Methow Valley in Okanogan County and wish to comment on the revisions to the County Comprehensive Plan. In short, I ask you to give serious consideration to Alternative 4 as proposed by the Methow Valley Citizens Council. I believe the framework this group of citizens propose takes into consideration more factors than the other three alternatives and provides more flexibility in addressing present and future concerns of residents and visitors to the Valley and the County.

Okanogan County is a special, diverse county in Washington state and the Methow Valley is a very unique and special place in the western United States. But the many factors that make these areas special can be undone by establishing rules that do not protect vital characteristics that bring potential residents and visitors to these areas.

Respectfully submitted,
