Subject: Comments for PC Hearing August 19

Dear Okanogan County Planning Commission,

I just got back from vacation and thought I had more time to comment on the Comprehensive Plan. I will send a more detailed comment in a few days but, in case this is all the time I have, please put me on record as supporting all recommendations given by the Methow Valley Citizens Council. I also support an update of the Methow Addendum (MVMCPA) starting with appointing an advisory committee.
